

F-E、F Series Precision Electronic Weighing Scale**Characteristic:**

The F-E/F series weighing scale have stable weighing system,full range tare,counting,units conversion functions.Operator can set mini weighing by themselves,and choose the suitable interface can connect with PC and other instruments.

Main Technical Parameter:

Model	F60E	F100 E	F150E	F200E	F300E	F500E	F60F	F100F	F150F
Capacity(g)	61kg	110kg	160kg	210kg	310kg	510kg	61kg	110kg	160kg
Sensor	Load Cell								
Resolution(g)	10					50	1		
Min weighing(g)	50					250	5		
Stable time	≤2S								
Display	LED								
Pan size	410*510mm/450*600mm/600*800mm					600*800mm	410*510mm		
Operation temp	5-25℃								
Repeat ability	±20g					±100g	±2g		
Liner	±30g					±150g	±3g		
Option	RS232C &RS485、Printer								
Packing size	420*170*850mm					420*170*850mm			
G.weight	13kg					13kg
