

LED READING WALL LIGHT (WL26)

Product Features

- Modern design
- Twin adjustable Light Head
- Indoor Reading Light IP20
- Surface Mount
- Made with LM-80 CREE certified LED chips
- Long life-span with low power consumption
- Pure Aluminium construction with anodized black finish

Technical Specification

| | |
|----------------|----------------------|
| Model | SE-WL26-6W |
| Watts | 6W |
| LED Chips | 2*3W CREE XPE R3 COB |
| Input Voltage | AC 100~277V |
| Beam Angle | 30° |
| Colour Temp. | 3000K / 4000K |
| CRI | Ra>90 |
| Lumens Output | 400lm |
| Plate Size | Ø80mm (Round) |
| IP Grade | IP 20 |
| Housing Finish | Anodized Black |
| Mounting Type | Surface Mount |
